MEMORANDUM

TO: Arizona Power Authority
FROM: Somach Simmons & Dunn
SUBJECT: Postponed Date for Revised Draft Application
DATE: October 10, 2014

According to the Revised Allocation Timeline Proposal posted to the Arizona Power Authority's (Authority) website, the Consultants intended to post a revised draft application by October 10, 2014. Many of the written comments on the draft application explained that comment and review on the draft application would be streamlined if the Commission made certain policy decisions beforehand. These comments are well taken.

The Consultants will wait to post a revised draft application until after the monthly Commission meeting scheduled for October 21, 2014, during which the Commission may take action on the two policy issues discussed on the September 16, 2014 Commission meeting. The Consultants plan to post the revised draft application shortly thereafter on **October 24, 2014**. The Consultants will also deliberate on whether a voluntary data request is necessary, and if so, how the Revised Allocation Timeline should be further adjusted. This issue may be appropriate to discuss with interested parties during the October 21, 2014 Commission Meeting.
